

one has power

2013 September 14

Who should remove
obstacles to harmony
globally, nationally,
in your city,
in your neighbourhood, and
in your family?

Who should
stop and remove obstacles
(e.g. wind blown garbage can)
on the street
you are driving on?

Who should rectify
vices
before they become
habits
that future generations will
mock us for?

Who
should make the
world a better place
to live?

Who
will make the big
changes that lay
ahead?

YOU

~~YOU~~

- Classical view vs one has power view
- Power is the ability to act.
- No one gave it to you; you were born with it.
- No one takes your power; you give it away.
